EDUCATION

Diploma in Computer Software Development, Digital Media and IT   2021 - 2023

Northern Alberta Institute of Technology (NAIT): Edmonton, AB

- Awarded with the Deans Honour Roll for achieving a 4.0 GPA
- Trained in full-stack and app development, web design, project management, and communication.

WORK EXPERIENCE

Software Developer   May 2023 – Present
RAMP InterActive: Edmonton, Alberta

- Built, maintained, and debugged Software as a Service (SaaS) using .NET Framework and Blazor in C#.
- Effectively used front-end technologies (HTML, CSS, JavaScript) for web development.
- Managed and designed SQL databases and stored procedures for customer data storage and retrieval.
- Communicated regularly in a team environment to collaborate on delivering quality software solutions using Azure DevOps and Microsoft Teams in a hybrid work environment.

Software Developer   Jan 2022 – Apr 2023
BI Tech Solutions: Gainesville, Virginia

- Developed software for clients using the React JavaScript library as well as Tailwind.
- Used front-end languages such as HTML, CSS, and JavaScript to build front end web pages.
- Displayed effective communication skills in a fully remote work environment to stay ahead of deadlines and team collaboration.

Sales Specialist   Feb 2020 – Jun 2021
Virgin Plus: Edmonton, Alberta

- Engaged and started conversations with customers while completing sales to build comfort
- Sold products and services efficiently with customer service being top priority
- Boosted sales by 20% store wide and got store location to the top of the region 3 months in a row
- Took the role of a team player to boost team morale in order to hit individual/team targets

Cashier/Merchandiser   Oct 2017 – Sep 2019
Shoppers Drug Mart: Edmonton, Alberta

- Handled large amounts of cash while operating a register during busy hours.
- Restocked and accounted for excess stock in an organized manner without any discrepancies
- Attainted a high level of knowledge of prices, product availability and location of products.
